Description: Part of our exclusive fabric collection, created in partnership with the Royal Horticultural Society (RHS), inspired by the archives of the RHS Lindley Collections. Artist, Writer, and one of the most talented and influential 20th century Garden Designers, Gertrude Jekyll is renowned for her partnership with English Architect Sir Edwin Lutyens. In this fresh and timelessly romantic design, an original sketch by Jekyll is reproduced and repeated, creating a tumbling design across the fabric. Suitable for all soft furnishing projects.
