House Harris Tweed Midnight Blue L002N

Composition: 100% Wool

Martindale: 35000

Description: One of the world's most iconic fabrics, Harris Tweed is handwoven on a crofter's pedal loom by islanders at their homes in the Outer Hebrides, using 100% virgin wool that has been dyed and carded locally. Our Harris Tweeds are sourced from the oldest Harris Tweed mill in operation; the only mill independently owned by an islander. A beautiful tweed will add classic style to any home. Available in a range of woven designs, some with a herringbone weave, some with the added detail of an overcheck.
